Frequently asked questions

(All questions and answers accurate at the time of writing).

Can I vary the menu?

The menus above can be changed if you have alterations you want to make. The chefs are quite versatile. Feel free to make suggestions (although sometimes these can lead to price increases).

Is there a minimum spend ?

Yes. Please see your function co-ordinator for availability and details of minimum guest numbers required.

Vegetarian

A Vegetarian Alternative is available in all packages as standard but we need to know the number required in advance. We humbly suggest you include on your RSVP's a small box to tick if a vegetarian meal is required, and if it is 'ovo lacto' or 'vegan'.

What are the times I can have my wedding?

Luncheon Events: From 12.00am – 4.00pm. All guests are asked to be vacated by 4:30pm.

Evening Events: From 6.00pm – 11.00pm. All alterations to the above event times will be considered.

Do you do drinks on consumption?

We only offer inclusive packages for beverages and not by consumption. Tsunami is fully licensed (no byo).

Beverage selection is subject to change as Tsunami's beverage menu changes but an appropriate replacement will be provided should the list change by the time your wedding comes around.

I own a winery/liquor store/nightclub/I am a wine rep/my future father-in-law/BFF/dear-friend-of-the-family wants to provide the wine for the wedding. Can we byo?

No.

You have such a beautiful garden area. Can I have my wedding ceremony there? (I've booked my wedding reception at another venue).

No, thank you.

Is it under cover? What if it rains?

The main garden is under cover although we have the foliage designed so that it doesn't look like it. We have a nice 'lush' romantic garden feel to the area, but if you look closely it is indeed under cover.

Should I have a Set Priced Menu or Cocktail style wedding?

Tsunami offers a large selection of set priced menu varieties or canapé choices and ask that if more choice is required please enquire with your function co-ordinator. For beverages Tsunami has an extensive wine and beverage list. We only offer inclusive packages for beverages and not by consumption.

When is deposit required? As well as balance of deposit?

When you want to reserve the venue. If you are interested we will hold it for one week but it will automatically expire after that.

When should I choose my set menu?

You should choose as soon as possible. Please keep in mind if the wedding menus and prices change before you choose your package you must choose from the new packages. So it's best to choose earlier rather than later.

Do you have any preferred suppliers you use?

Jazz band ~ John Bannister 0412687716 (you can see him play live at Tsunami on Friday nights). DJ Jo 19 ~ 0408078233 (eclectic mix), DJ Avi (anything) 0403688944,

photography Danny Khoo 0412586036.

Can I use my own suppliers for decorations, cakes, entertainment etc.

Yes

Do you hold ceremonies at the venue?

Yes. In the back back area. Hire is \$350 which includes 12 chairs for the bridal parents & family, and a table and two chairs for the bride, groom and celebrant. One hour roughly is the time you will need.

Is there anything anywhere else close for the ceremony?

Yes. Across the lane from the back back area there is a park - it is free and within easy walking distance. For more details contact Mosman Park council on 9384 1633.

Do you have preferred suppliers for DJ that we are required to use or are we free to select our own?

We have some recommendations but you are free to choose your own. Noise restrictions apply and you should ask your DJ to contact us at earliest convenience.

When do i need to confirm final numbers?

One week before, along with payment.

When can I bring in the cake, place settings and do the decorations?

After 3pm the afternoon of the wedding for an evening wedding. For a lunch wedding, after 10am.

How many people can I have?

130 for square tables (most popular), 110 for round, and 250 for cocktail/buffet.

Is the venue / toilets Wheelchair accessible?

Not really. Tsunami was built in the 70's when the building code was radically different. But we have just installed a rear ramp and there is access under certain conditions. Please ring to discuss this important point with us.

If I bring my wedding cake and get you to serve it as a dessert on plates instead of the dessert on your package can I have a discount?

Unfortunately no as we still have to cut it up and plate it and then serve it to your guests together with cutlery and then collect and wash the plates and cutlery, but we will cut the cake and distribute it with no charge.

Can we come and inspect the venue? Can we inspect while there is an event?

Absolutely. Any night you can come down and have a look. Please ring in advance so we can be ready for you to answer your questions. After 8:30pm is always best (after service). We can also give you a small peek at another wedding as long as you are discreet and are accompanied by us.

Will the prices change once I've booked and paid my deposit?

At the time of writing we have never needed to in all the 9 years of holding weddings at Tsunami but we reserve the right to under extreme circumstances (big wage increase, or extra ordinary increases in commodity prices). During the last commodity price increase of 2007/8 Tsunami stopped taking weddings. Having said all that, if we ever do, (and we haven't up until now), we will cap it at 10% and inform you in writing.

Will there be any other increases?

If you book a wedding more than 15 months ahead there may be a cpi increase. Please see us.

Are chair covers included? Is the bride & cake table skirted?

Most weddings at Tsunami do not use chair covers and table skirting as the venue has a very natural 'organic' oriental garden theme, and you will save a lot of money this way, but you are welcome to have them if you wish.

Where do my guests park? Can you help with transport?

There is ample parking on the street for you and all your guests. If you have a really big wedding please speak to us. We are making arrangements with multiple transport companies for transporting large numbers of guests and we will happily pass on any saving to you. This will make it easier for those who want to have a few drinks also.

Why should I have my wedding here rather than a hotel?

- 1) Price. We're about the same.
- 2) Food quality. Whilst hotels are better equipped to pre-prepare food on a mass scale and re-heat it for quick service, we as a restaurant are more focused on preparing high quality meals. So whilst it's harder for us to prepare and cook the food we believe the food is better than many. It's what we do.
- 3) It's unique.
- 4) You can have top quality Japanese food but still have excellent western food for your family and friends who are not into Asian food. (Our chefs are well versed in modern French inspired food).
- 5) The garden and lights are beautiful but it's still under cover.
- 6) Parking is easier and being very close to the train station will suit some.
- 7) You can save money by not having chair coverings and bows which are needed at other venues to make it look nice. (It already looks nice).

Do you have an area for small ceremonies? (Tea Ceremony)

Yes. Please come and view the area and see if it suits you.

How can I see what it's like?

We can send you a DVD which shows you what a wedding at Tsunami looks like. Go to the bookings page and email us with your mailing address and we'll send you one. Or you can ring us on 92847788 after 4pm and arrange a time for a viewing (usually at night after dinner - you can come in for a drink).

Tentative Bookings

All unconfirmed reservations will be automatically cancelled after a 7 day period. No responsibility is taken for cancelled unconfirmed reservations. To secure your chosen Tsunami function date, please fill out and return your completed booking confirmation form along with your function deposit of \$500. Once your deposit is received you will be given a written receipt or confirmation email. All deposits are non refundable. Deposits are deducted from your final function account.

Cancellations of Events

In the event of a function being cancelled within 30 days (written notice is required to be given) of the reserved date, Tsunami reserves the right to charge 25% of the estimated value of your event. Please see your function co-ordinator if clarification of this information is required.

Entertainment

Tsunami is equipped with a modern sound system with the ability to control volumes in differing areas together with a comprehensive selection of music. We also are able to recommend a range of quality bands and DJ's who have experience with our facilities and sound set up and will gladly provide phone numbers for you to arrange details with them direct. Tsunami reserves the right to control the volume level of music should it deem that the level is excessive and will keep the back doors from the restaurant to the garden shut when not being used to allow people to enter the room. The purpose of this is to keep down the noise of the dancing from 10pm onwards. No external speakers etc will be able to be set up in the garden area although there are speakers already there and they can be used. The use of bands playing outside is allowed as long as these bands are strictly 'unplugged' ie no amplification of any kind except for internal speakers built into some keyboards. Please inform your band of this or ask them to contact us. Tsunami has regular jazz bands playing on the weekend as well as a house DJ who is experienced with the sound system setup. Contact numbers available upon request.

Band

All arrangements with bands to play at Tsunami must include a specific instruction regarding food and drinks for the band. This can be for example 'no food, just soft drinks' (which will be added to your bill), "just bottled tap water" for short engagements, or a meal and beer tab. It is entirely up to the discretion of the client. Please let us know beforehand how you would like us to handle this.

PA System

Tsunami has microphone and speaker facilities and will have them available for you to use at your function. External DJ's cannot use Tsunami's speaker or PA system. No speakers in garden allowed except for Tsunami's existing speakers. External DJ's must consult Tsunami before setting up (ring Tsunami & ask for Brett) and must agree to Tsunami's sound terms.

Decorations

We are happy to accommodate any theming necessary for your event however no items are to be nailed, screwed, stapled or adhered to any of our surfaces or fixtures. Confetti or rice is not allowed on the premises. If any damage is caused to Tsunami due to decorations, the function host will be charged at \$55/hour. This amount will be added to your final function account. As the garden, lights and girls in traditional costume look exceptionally beautiful, you may feel there is no need to pay for any additional decorations. Upon request we have a variety of coloured napkins, table cloths and overlays that we can order in for you at extra cost. Use of Tsunami's standard napkins is free, other colours are available for \$150.
